# High quality door canopies

Engineered in the UK

- Latest GRP technology
- 8mm Polycarb
- Designed for greater strength
- Excellent detailing
- Choice of tile colours

**Pro-Can canopies are some of the best available. We don't compromise on quality. Our Clear Top canopies are made from 8mm, high quality polycarbonate and our GRP canopies are injection moulded for quality consistency.**

Pro-Can canopies include full fitting instructions and all the quality fittings you need to get the job done. We've made the fitting process easy, and the fittings themselves are more than tough enough for the job.

- All exposed metal sections powder coated
- All fittings and instructions included
- Made under Quality and Environmental Management systems
- Made in the UK
- Any timber we use is responsibly sourced

DOOR CANOPIES

High quality door canopies  
Engineered in the UK

### CLEAR TOP - FLAT & ARCHED

These canopies are contemporary and smart. There are two styles and each one is available in three different lengths and two different depths.

SIZE

W: **1250** D: **530**      W: **1500** D: **750**  
 W: **1250** D: **750**      W: **1950** D: **530**  
 W: **1500** D: **530**      W: **1950** D: **750**

### PEAKY TOP - BOXED

Sturdy, single pitch GRP canopy with matching gallows brackets and all required fixings. Lead effect upstand.

SIZE

W: **1530** D: **700** H: **845**  
 (excluding brackets & upstand)

BRACKETS: H: **500**

Available in **Terracotta, Grey** and **Brown** tile effects.

### DOUBLE TOP - OPEN

A traditional double pitched / apex style GRP canopy with matching gallows brackets. The underside has a fluted or mock panel effect. Lead effect upstand.

SIZE

W: **1420** D: **770** H: **773** (excluding brackets & upstand)

BRACKETS: H: **500**

Available in **Terracotta, Grey** and **Brown** tile effects

### DOUBLE TOP - SUNRISE

The same construction as the OPEN model but with a sunrise effect detail at the front. Lead effect upstand

SIZE

W: **1420** D: **770** H: **773**  
 (excluding brackets & upstand)

BRACKETS: H: **500**

Available in **Terracotta, Grey** and **Brown** tile effects.

### FLAT TOP - THIN

A traditional self supporting unit with a strong internal framework. Does not require any extra bracketry. All fixings included.

SIZE

W: **1560** D: **550** H: **170**  
 (excluding upstand)

### FLAT TOP - DEEP

A stylish flat canopy with classical bevelling to its lower edges, reproduction lead roof and brackets. All fixings included.

SIZE W: **1650** H: **205** (excluding brackets & upstand)

BRACKETS: H: **332**

### BIG TOP

An impressive door surround that will transform the look of a house. The Big Top comes with a full internal framework and all the fixings required to complete the installation around an exterior door of standard height and width.

### Overall Door Head Dimensions in mm
